

Qwik Jon[®] Ultima

Build a bathroom almost anywhere.

The smart solution for your sewage removal needs when gravity flow is a problem.

- Preassembled pump and tank for easy installation
- **Level 3 cutting capability** – Contains 1/2hp (0.7kW) grinder pump
- No need to destroy concrete floors
- For use in houses, offices, factories, basements etc.
- Accommodates a toilet, basin, bath, and/or shower
- Angled outlet can be installed in any direction (360 degrees) to accommodate site conditions
- Compact design
- Aesthetically pleasing – discharge & vent pipes can be chased into a brick wall.

Cutting capability definitions

LEVEL 1 - Human waste, toilet paper, tampons

LEVEL 2 - Wipes, diapers, rags, condoms

LEVEL 3 - Gloves, heavy fabric, sanitary wipes, denim
